FYI, [Redacted] IC
Staff, who is associated with
both the Open Source Exploita-
tion Steering Group and the
Foreign Language Committee, says
that a paper from Ambassador
Isham to Mr. McMahon recommends
that the Agency contribute \$270K
in both FY 85 and FY 86 for the
development of Japanese Machine
Translation. The paper will
presumably indicate that there
has been coordination with FBIS.
However, FBIS made clear to him
that we have no funds budgeted
in either FY 85 or FY 86 for
machine translation, though we
have an initiative for FY 87 to
purchase and use a Japanese
Machine Translation system.
